High Scoring

Scoring will be your best 4 day total of points out of the 8 week schedule and a bonus point will be added for each day you do race.

Scoring is the inverse of your finish

Week 1 Brian Jobson finished first and was awarded 11 points with an 11 boat fleet for that day.

Bonus points are awarded for racing that day and are cumulative for all 8 race days.

If you race 4 days out of the 8 day schedule you will only be at a 4 point disadvantage over the those who race the entire 8 day event.

NOTE: There is no telling when we have a large fleet of say 14 or 15 boats those will be big scoring days vs a 6 boat fleet.

Plan on attending the rest of the season.

They are not limited to the 4 day total.

NEW 10-10-2011

Tie breakers at the end of the event will use the next highest scoring day to break ties.
